Brick Mount

Wood Mount

Step 2 Attaching the Arm Sets to Wall Plate

Step 3 Removing the Security Nut and Taking Down the VESA Plate

Step 4**Attaching the VESA Plate to the Monitor****For Monitor with Flat Back****For Monitor with Curved or Recessed Back****Step 5****Sliding the Monitor onto the Head of Arm Set**

Slide the monitor onto the head of Arm Set(a) as shown in the above diagram.

Install the Security Nut. Make sure the security nut is installed before you rotate the monitor.

Step 6 Setting the Tilt Angle Position

Step 7 Adjusting the Torque of Gas Spring

Adjust the torque of gas spring according to the weight of your monitor. If your monitor can not stay in the lower position, turn the grub screw clockwise(-). If your monitor can not stay in the higher position, turn the grub screw counterclockwise(+). Keep turning until monitor position can be raised and lowered easily.

Step 8 Managing the AV Cables

Finish Technical Drawing
